

BOW Camp Song

{Sung to the tune of Allan Sherman's "Camp Granada" - a.k.a. "Hello Muddah, Hello Faddah"}

Hey there, fellow Outdoor Women,
Glad to see you all are grinnin'!
Camp is very entertaining;
And we'd still have lots of fun if it were raining.
Some go fishing or repelling,
Sausage making or just gelling,
Some go hiking or just looking,
Archery, marksmanship, backpacking or some cooking.

Let us stay!
At home we'd have to
Slave away and do those dreadful
Household chores
Like washing clothes and mopping floors.
Let us stay!
We have such fun here every day.
Land navigation shows the way.
Should we get lost then what?
Someone will find our butts!

Our last class here is tomorrow,
We'll leave BOW camp with much sorrow.
We have homes that are awaiting;
Children, cats and dogs,
Or guys anticipating.
All the meals here are delicious;
We don't have to do the dishes!
We've made new friends;
Learned new skills here.
Hope you all will be at BOW camp again next year!
